Blue Cross Mobile App.....	16 & 17

You're a member of a Medicare Plus Blue Group PPO plan

Our preferred provider organization covers everything that Original Medicare does, plus much more, all in one plan.

You have access to thousands of primary care providers and specialists, as well as hundreds of hospitals. You can go to any provider, in-network or out-of-network, who accepts your Medicare Plus Blue Group PPO member ID card. These health care providers accept our payment, and the share of the costs that you pay, as payment in full.

Health care works best when you have a steady relationship with a trusted primary care provider for ongoing care. Your primary provider helps coordinate all your care, which helps ensure they stay informed of your current health status. As a PPO plan member, you don't need a referral to see a specialist.

Out-of-network/non-contracted providers are under no obligation to treat Medicare Plus Blue Group PPO members, except in emergency situations. Please call our Customer Service number or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.

What you can expect

Part of our commitment is to help you make the best possible use of your plan. We'll keep you informed throughout the year about your plan and your health.

For all members

Doctor visit 	Make an appointment with your provider for your annual wellness visit and annual physical exam so you can begin taking advantage of your preventive services (see page 14).
Download our mobile app 	Access your electronic Blue Cross member ID card, coverage, claim and out-of-pocket cost information anytime, wherever you go (see page 16).
Guide to your costs 	We send you a wallet-sized card that lists the out-of-pocket costs for the medical services you use most.
Medicare Advantage health assessment 	Complete a brief health survey and we'll give you a personalized health status report you can share with your doctor. It's secure, completely confidential and your participation won't affect your coverage. Look for the assessment in the mail. You can return the paper copy or complete it online using the code provided with the assessment. This easy tool can help your doctor keep you in the best of health.
Explanation of Benefits 	When you use your coverage, we'll send you a detailed statement. You'll receive an <i>Explanation of Benefits</i> the month after the claim is processed. Page 12 has more information about your <i>Explanation of Benefits</i> .
Member news 	We do our best to combine helpful information, useful reminders and healthy tips to help you get more out of your plan in our member magazine, <i>Medicare Blue and You</i> .
Special information 	There may be events during the year we want you to be aware of, so we'll send you notices. If you need help with a chronic illness, such as heart disease or diabetes, we may send you materials or call you about a specific program.
Surveys 	You may receive surveys asking for your opinion of this plan, our network providers and the care you receive. This is important feedback that helps us respond to your needs. We're always exploring new, innovative ways to provide you with better coverage and service. Your answers are confidential. They don't affect your coverage or costs. We appreciate your honest feedback as we strive to see your experience through your eyes.

For new members only

Member ID card 	We send you a new Blue Cross member ID card. You can put your red, white and blue Medicare card in a safe place and use your Blue Cross member ID card instead. Show your doctor and other providers this card every time you need care. Or, use the Blue Cross mobile app to show your electronic ID card (see page 16).
Welcome call 	When you are a new member, you will receive a call from us to make sure you received your welcome kit and Blue Cross member ID card, answer any questions about your coverage and tell you about programs we offer to help you stay healthy.
Need to find a doctor? 	If you don't have one, pick a primary care doctor. Page 7 explains how to find a doctor online. You can also look in your copy of our <i>Provider Directory</i> or call Customer Service at 1-800-843-4876 . TTY users call 711 .
Blue Cross online member account 	From coverage details and claims information to ideas for healthier living, there's a great deal of valuable content. Be sure to register for your secure Blue Cross member account: <ul style="list-style-type: none"> • Using the Blue Cross mobile app • At www.bcbsm.com/register • By texting REGISTER to 222764 <i>Message and data rates may apply.</i> Learn more on pages 16 and 17.
Special preventive visit 	If you are new to Medicare, you can make an appointment for your Welcome to Medicare preventive visit. It's a one-time visit that takes place during the first 12 months after your Medicare Part B coverage takes effect. Also known as the initial preventive physical, the visit includes a review of your health, as well as education and counseling about the preventive services you need (including certain screenings and shots), and coordination of other care if needed.

That's the Benefit of BlueSM

Our commitment to you includes coverage that works for you at every stage. Your benefits aren't just for when you're feeling sick or coping with a chronic condition. They can help you take charge of your health.

How to get your flu and pneumonia vaccines

You can get your flu and pneumonia vaccines at your doctor's office and they can bill us directly. If you get vaccinated at a local health department or community center, you will pay for your vaccines and be reimbursed by completing a reimbursement form and mailing it to us with your receipt.

 You can find the reimbursement form online at www.bcbsm.com/statemedicare.

 Call our Customer Service team at the number on the back cover of this booklet. After the greeting and entering your information, say "reimbursement form" to get to the correct prompt.

Good to know: The Centers for Disease Control and Prevention recommends getting your flu vaccine in October before the flu season begins because it takes about two weeks after vaccination for the antibodies that protect against the flu to develop in the body. Getting vaccinated later can still be beneficial and vaccinations are offered throughout flu season.

Medicare Diabetes Prevention Program

Your risk of developing Type 2 diabetes can be radically decreased through this 12-month Type 2 diabetes prevention benefit. It's focused on healthy lifestyle changes for qualified members and covered under your plan at no additional cost. Participants report 5% to 7% weight loss, increased energy and better sleep.

 Do you qualify? Take a one-minute online quiz at www.solera4me.com.

Emotional and mental well-being

Your health is not just determined by your physical fitness, but by your overall well-being. Your physical health improves when you get enough sleep, eat healthy and exercise. Likewise, your emotional well-being improves when you have support through life's trials, manage stress and have positive social interactions. We offer behavioral health care benefits to help you transition through difficult times. This benefit also helps those struggling with a substance use disorder. When you call, we'll discuss your needs and arrange for services.

 **1-888-803-4960**, TTY users call **711**
Routine issues: 8 a.m. to 5 p.m. Eastern time, Monday through Friday. Emergencies: 24 hours a day, seven days a week.

Considering surgery

If you're thinking about having surgery, it's important to have the right information to make an informed decision. That's why we're providing you access to a support program to help guide you from diagnosis to recovery. Learn more by contacting Medicare Plus Blue Group PPO Customer Service at **1-800-843-4876**, TTY users call **711** 8:30 a.m. to 5 p.m. Eastern time, Monday through Friday.

Serious illness

When something serious happens, count on our dedicated nurse care managers to help you find the right care for you. They'll also provide the information and resources you need. We offer care management services based on your medical claims or when your doctor refers you for assistance. In some cases, we partner with independent companies to provide services on our behalf.

Diagnosis of a serious illness can be overwhelming. Our care management nurses work with your doctor to help you and your family:

- Understand your medical condition
- Coordinate care
- Review treatment options
- Connect with community resources
- Obtain equipment and medical supplies

A personal care management nurse will support you and your loved ones as you consider options, make treatment decisions and handle emotional concerns. You'll find the support you need to feel more in control.

If you're hospitalized, we can also help with the transition to your home or another facility to ensure you get the care you need.

 **1-800-775-BLUE (2583)**, TTY users call **711**, 8 a.m. to 6 p.m. Eastern time. Monday through Friday

Chronic conditions

Care management nurses help you understand and cope with your condition, develop skills for managing it and feel in control again. You'll work with your nurse to create a care plan and set goals to improve your health.

Blue Cross Coordinated Care CoreSM

We understand the journey to better health is personal. Blue Cross Coordinated Care Core provides you with a dedicated care team to connect you with the right care at the right time, whether it's providing support for behavioral health issues, managing a chronic condition or helping to schedule well-being appointments. It's easy to stay on track with your care plan with the Blue Cross Coordinated Care Core mobile app powered by Wellframe[®]. If you participate in the program, you can use the app on your smartphone or tablet to track appointments and medications, read helpful articles and connect with your care team by text or chat. The program is completely confidential and available at no cost.

 **1-800-775-BLUE (2583)**, TTY users call **711**
8 a.m. to 6 p.m. Eastern time, Monday through Friday

Wellframe is an independent company supporting Blue Cross Blue Shield of Michigan and Blue Care Network members by providing health and well-being services.

Quit tobacco for good

Increase your chances for successfully quitting with support and resources through a 12-week phone-based Tobacco Coaching program from WebMD[®]. You're eligible if you're ready to set a quit date within 30 days and you've used tobacco within seven days of your initial call. WebMD Health Services is an independent company supporting Blue Cross by providing health and well-being services.

 www.bcbsm.com/medicare/help/faqs/other/quit-smoking.html

 **1-855-326-5102**, TTY users call **711**.
9 a.m. to 11:30 p.m. Monday through Thursday; 9 a.m. to 8 p.m. Friday; 9:30 a.m. to 6 p.m. Saturday; and 1 p.m. to 11:30 p.m. Sunday, Eastern time.

Know where to go for care

You have smart choices for when and where to get health care. Know your options so you can get the treatment you need, right when you need it. Out-of-pocket costs vary for each care option, so it's important to think about what kind of care best fits your needs:

24-Hour Nurse Line

Talk to a registered nurse at no cost, anytime you have questions about an illness or injury. The nurse can help you determine if you can treat things at home. Call **1-800-775-BLUE (2583)**. TTY users call **711**.

Primary care provider

Call your primary care provider first when you're not feeling well. He or she knows you best and understands your health history. A patient-centered medical home, or PCMH, is a care team led by a primary care doctor who focuses on your health goals and needs. They offer 24-hour access to your medical team and a personalized approach to managing your health.

Blue Cross Online VisitsSM

Connect online with a doctor or therapist using a smartphone, tablet or computer. Visit www.bcbsmonlinevisits.com or call **1-844-606-1608**. TTY users call **711**.

Retail health clinics

Get treatment for minor illnesses and injuries on a walk-in basis at select drug store chains near your home or workplace.

Urgent care centers

Get non-emergency, in-person care conveniently, including after hours or on weekends.

Emergency room

Get treatment for serious or life-threatening illnesses or injuries.

Emergency rooms cost more because they are equipped to handle trauma and life-threatening situations. You can save money by seeing your doctor or going to a convenient retail clinic or urgent care for minor illnesses and injuries, such as:

- Mild allergy symptoms
- Sore throat and cough
- Colds and flu
- Low-grade fever
- Earache
- Eye irritation or redness
- Skin rash
- Minor burns, cuts and scrapes
- Painful urination
- Sprains and strains

How to find a doctor

It's easy:

1. Go to www.bcbsm.com/providersmedicare.
2. Click on the blue *Find a Doctor* box to go to the provider locator page.
3. Once you're on the provider locator page, you can choose your search location.

You can enter your current location or you may sign in with your online Blue Cross account. If you log in to your secure Blue Cross online member account before you search for a provider, the system will automatically select your plan's network and you can skip this step.

- Click on *All Plans* in the upper right corner.
- Click on *Find a Different Plan*
- Scroll down to the *Medicare (65 and older)* section and select *Medicare Plus Blue (PPO)*.
- Select one of the options listed to help identify an in-network doctor, hospital and clinic by name or specialty.

Take an active role in your care

Your plan offers more than 20 preventive services covered at 100%, including flu and pneumonia vaccines, mammograms and colorectal cancer screenings. Ask your doctor which preventive care services are right for you. If you are new to Medicare, schedule a Welcome to Medicare exam. If you've been enrolled in Medicare for more than a year, you can take advantage of your annual wellness visit, which includes a personalized prevention plan, screening schedules, referrals and education based on your specific health situation.

Get more out of your doctor visits by:

- Writing down questions and symptoms you want to discuss with your doctor
- Taking notes as the doctor answers your questions
- Reviewing your medications (dose, side effects and over-the-counter supplements)
- Speaking up if you have any health concerns
- Being involved in your care decisions

You are a key player on your health care team.

Talk to your doctor

	Don't hide it	Good to know	Ask your doctor	Going in-depth
Physical activity	Discuss issues that limit your physical activity.	If pain limits your physical activity, there are ways to address it.	Should you start, increase or maintain your level of exercise?	What types of exercise are right for you?
Bladder control	Discuss if you accidentally leak urine.	It's a common problem.	What are your treatment options?	If receiving treatment, discuss the effectiveness.
Risk of falling	If you've fallen, make sure to call your doctor. Don't wait until your next appointment.	There may be simple solutions, such as a medication dosage change.	Could you benefit from a cane, walker, or physical therapy?	Discuss any balance or walking problems.

Make sure your screenings are up to date

Ask your doctor if you need to schedule any of these **regular services**.

Screenings			
Breast cancer screening	Colorectal cancer screening	Bone density screening for osteoporosis	Cholesterol
Annually	1 to 10 years depending on test	Every 2 years	Annually
Vaccines*			
Flu shot	Pneumonia vaccine	Hepatitis B	Shingles vaccine
Once per flu season	Annually	If you're at risk	Administered per Centers for Disease Control and Prevention guidelines
Diabetic services (if applicable)			
A1c test	Diabetic retinal eye exam	Urine protein screening	Treatment for urine protein
2 to 4 times a year	Annually	Annually	As applicable

* Other vaccines are covered to treat injury or exposure to a disease.

Blue Cross Virtual Well-BeingSM

Let Blue Cross Virtual Well-Being give you the guidance and support you need on your personal well-being journey.

Highlights:

- Features short, high-energy, live webinars every Thursday at 12 p.m. Eastern time
- Focuses on a different well-being topic each week
- Topics include mindfulness, resilience, social connectedness, emotional health, financial well-being, gratitude, meditation and physical health
- Offers informational materials you can download to save and share

Conveniently watch Blue Cross Virtual Well-Being webinars on your computer, tablet or mobile phone.

Learn more, register and watch past webinars at www.bluecrossvirtualwellbeing.com.

Blue Cross Online VisitsSM

Convenient online care for body and mind

It's as simple as using your smartphone, tablet or computer anywhere in the U.S. to meet with:

- A doctor for minor illnesses such as a cold, flu or sore throat when your primary care provider isn't available
- A behavioral health professional or psychiatrist to help work through different challenges, such as anxiety or grief

Fast and convenient

 Visit www.bcbsmonlinevisits.com.

 Call **1-844-606-1608**, 24 hours a day, seven days a week. TTY users call **711**.

 Download the BCBSM Online Visits app from the Apple App store or Google Play store.

Remember to coordinate all care through your primary care provider. Blue Cross Online Visits uses the American Well® technology platform and provider network, and is powered by American Well®. American Well® is an independent company that provides online visits for Blue Cross and BCN members.

Reach your health goals

The Blue Cross Health & Well-BeingSM website, powered by WebMD®, can help you start making the healthy lifestyle changes you'd like to see.

We offer six Digital Health Assistant programs available at no cost to you. They focus on a variety of health goals, including eating better, conquering stress, feeling happier and enjoying exercise. All tips come straight from WebMD's expert health coaches.

Set your goal, choose your level (easy, moderate or challenging) then choose from more than 400 activities that appeal to your lifestyle, interests and schedule.

To learn more or to start working on a Digital Health Assistant program, log in to or register for the members-only website at www.bcbsm.com/medicare, or open the Blue Cross mobile app, then click on *Health & Well-Being*. From there, click on *My Health Assistant* under the *Healthy Living* tab.

WebMD Health Services is an independent company supporting Blue Cross Blue Shield of Michigan and Blue Care Network by providing health and well-being services.

A closer look at prior authorizations

Before getting certain treatments or prescriptions, your doctor will request a prior authorization from our plan on your behalf. This ensures that the recommended treatment is safe, appropriate for your condition and follows guidelines based on the latest medical research.

How can you help the process?

- **Collaborate** with your doctor during your care. Be sure to tell your doctor about all previous treatment because prior authorization requests require the provider to list other treatment you've had.
- **Ask your doctor** if the treatment requires prior authorization or call us before you get treatment. That way you will know whether the service requires a prior authorization. Services that need prior authorization are also noted in the medical benefits chart included with your *Evidence of Coverage* booklet available online at www.bcbsm.com/statemedicare. Providers know how to request prior authorizations. As a member there's no additional paperwork for you to do. You will receive a written notice once we have reviewed the prior authorization request.

Here's how the process works:

First, a doctor sends a written request detailing the diagnosis and recommended treatment.

Then, we review the request and either:

- **Approve the request**, which means your plan will cover the treatment. Your out-of-pocket cost is determined by your plan benefits.
- **Approve the request on a trial basis**. We will cover part of the initial treatment to see if it produces the desired outcome. Additional medically necessary treatment may be covered once it is established the initial treatment is producing positive results. Your out-of-pocket cost is determined by your plan benefits.
- **Ask for more information** from your doctor to document medical necessity based on Medicare-approved clinical guidelines.
- **Deny the request**, which means your plan will not cover the treatment. We'll explain the reason for the denial to the provider, and mail you a denial letter that explains your options, including how to appeal the denial. If a doctor provides a service requiring approval without a prior authorization, he or she is usually responsible for the cost. If your provider has told you a service wasn't approved, your provider may ask you to pay the full cost.

Your Explanation of Benefits (EOB) contains important information

What is an EOB?

The EOB explains how much you owe health care providers. However, an EOB is not a bill. EOBs help you track your medical costs.

What am I supposed to do with an EOB?

Compare it to your medical bills. If a bill from your provider doesn't look like the correct amount based on your EOB and benefits, please call us.

What if my medical bill doesn't show any insurance payments?

If you receive a medical bill for covered services that doesn't show any Blue Cross payments and you never received an EOB, ask your provider to file an insurance claim. Wait to pay until you have a bill showing that we paid our share of the cost.

When should I pay my medical bills?

Your providers may charge you a copay at the time of service or bill you later. You can wait to pay medical bills you receive in the mail until you receive an EOB that shows your share of the costs.

How often will I get an EOB?

We send EOBs monthly, when you've used your benefits. However, we can only process payments and list them on EOBs after your provider sends the service information to us.

Can I view my EOBs online?

Yes. You can see your benefits, claims, balances and electronic medical EOBs using your secure Blue Cross online member account at www.bcbsm.com/statemedicare. (Pages 16 and 17 have more information and easy ways to register.)

Will my EOB show my premiums?

No. EOBs only show variable costs. Premiums are a fixed monthly cost and don't count toward your out-of-pocket maximum.

What can you find on an EOB?

The medical EOB shows what you've paid or need to pay your provider, if anything. For example:

Amount providers have billed the plan	Total cost (amount the plan has approved)	Plan's share	Your share
\$810.00	\$552.00	\$540.96	\$11.04

The EOB shows what your deductible and annual out-of-pocket limits are, and how much you've paid toward them. For example, this is how your first medical EOB of the year might read:

DEDUCTIBLE

For most covered services, the plan pays its share of the cost only after you have paid your annual plan deductible.

As of February 1, 2023 you have paid \$214.40 toward your \$400.00 annual deductible.

ANNUAL LIMITS

These limits tell the most you will have to pay in 2023 in out-of-pocket costs (copays, coinsurance and your deductible) for medical and hospital services covered by the plan as well as prescription drugs.

These annual limits are called your out-of-pocket maximums. They limit how much you have to pay for the plan year, but they don't put a limit on how much care you can get.

If we deny payment for all or part of a claim, the EOB explains why.

Frequently asked questions

What is the difference between an annual wellness visit and an annual physical?

At an **annual wellness visit**, you will develop or update a personal prevention plan based on your current health and risk factors. It's for members who haven't received a Welcome to Medicare preventive visit or annual wellness visit within the past year. It's covered once every 12 months after your first 12 months of Part B coverage (you must wait 11 full months between each annual wellness visit).

At an **annual physical exam**, a primary care provider collects health information through an exam. It's covered once per calendar year and is more comprehensive than an annual wellness visit. Services include:

- An age- and gender-appropriate physical examination, including vital signs and measurements
- Guidance, counseling and risk factor interventions
- Recommendations for immunizations, lab tests or diagnostic procedures

Each of these visits has separate parameters defined by Medicare. There is no coinsurance, copayment or deductible for these preventive services. However, if your doctor provides services outside of the scope of the set Medicare parameters, a coinsurance, copayment or deductible may apply.

Why am I being billed for my colonoscopy? I thought it was a free screening?

A preventive colonoscopy screening checks to see that you're healthy (no sign, symptom or disease present). There is no copay for screenings. When a sign or symptom is discovered during an exam, all further testing and exams are considered diagnostic procedures and diagnostic out-of-pocket costs will apply.

Why am I being charged an emergency room copay? I thought the copay was waived if I spent the night in the hospital.

Per Medicare guidelines:

- If you go to the emergency room and are admitted to the hospital as an inpatient, your ER copay is waived.
- If you go to the emergency room and are held in observation as an outpatient but not admitted, your ER copay is not waived.

Will I be paying inpatient or outpatient out-of-pocket costs?

If you'll be receiving service in a hospital, you should ask your provider beforehand to see if the service is inpatient or outpatient, as this may affect your out-of-pocket amounts. Unless the provider writes an order to admit you as an inpatient to the hospital and your plan authorizes admission, the service will be outpatient and you will pay the out of pocket amounts for outpatient services. Even if you stay in the hospital overnight, the service might still be considered outpatient. If you're not sure if the service is considered outpatient, ask the hospital staff.

Do you have any tips that will save money?

You can save money by receiving care in facilities that **don't** charge hospital facility or usage fees. The best way to determine this is to ask your provider about what fees are associated with each visit or procedure. For example, many provider offices, health centers or hospital-based outpatient clinics owned and operated by hospitals charge an additional hospital usage or facility fee when you see any provider in the office, health center or clinic. These offices may cost you more. Additionally, your services may cost a different amount based on where they're performed (in office, outpatient in an ambulatory surgical center, outpatient hospital facility or hospital-owned doctor office).

Tap into your health care plan — anytime, anywhere

The **Blue Cross mobile app** helps you understand your health care plan and how it works. From deductible and claims to out-of-pocket costs, you'll have the information you need to manage your plan and get the most from your coverage, wherever you go.

Find care in your network and check doctor and hospital quality.

Show your Blue Cross member ID card to your doctor's office staff so they have the information they need to look up your coverage.

Manage your costs with confidence

Informed decisions are confident decisions, especially when it comes to health care costs. That's where your Blue Cross online member account can help.

Keep track of your deductible and out-of-pocket maximum

Your deductible is how much you'll pay for care before we start to pay, but does not apply to all services. Your out-of-pocket max is the most you'll pay before we cover the cost completely. You can see how close you are to meeting both.

Review your claims and Explanation of Benefits

Claims and EOBs show you how much a provider charged for services and what portion we've paid. They also tell you what services you've already paid for and if your payment amount is correct.

Know your copays before you visit a provider

Easily access copayment information for commonly used services, including office visits and urgent care.

SilverSneakers® fitness program

SilverSneakers is an exercise and wellness program that helps you live a healthy, active lifestyle through exercise and fitness communities nationwide. You'll have access to thousands of participating fitness locations across the country.
